## Corporate Governance Practice in Islamic Financial Institutions

Dr. Rusni Hassan

9789670149400 (hbd) | 2014 ; 207 pp. | RM 78.00/USD 40.00

This book examines corporate governance for Islamic financial institutions (IFIs) including Shariah governance. It begins with the meaning of corporate governance, roles of board of directors and law and practices for company meetings. Corporate governance practices are discussed in the context of IFIs involved in Islamic banking, Takāful and Islamic capital market. Shari'ah governance aspects, which is part of corporate governance organ of the IFIs, is discussed in line with the Malaysian guidelines on Shariah Governance Framework, and also the international standards on corporate governance issued by IFSB and AAOIFI.
